Claims Made Policy

This policy is written on a claims-made basis and provides coverage for claims only when BOTH the alleged incident AND the resulting claim happen during the period the policy is in force. Claims-made policies provide coverage so long as the insured continues to pay premiums for the initial policy and any subsequent renewals. Each succeeding year the policy is continuously renewed, the "coverage period" is extended. Once premiums stop the coverage stops. Claims submitted to the insurance company after the coverage period ends will not be covered, even if the alleged incident occurred while the policy was in force. A claims-made policy will cover claims after the coverage period ONLY if the insured purchases extended reporting period or "tail" coverage. This quote is subject to receipt and review by the underwriter prior to starting coverage.

NOTE: The above quote(s) are preliminary estimates only. Eligibility for coverage and your actual rates are based on the underwriting criteria of each insurance carrier and the details of your business activities. Where required or allowed by state law, insurance taxes, service fees, and other surcharges may be included and billed separately from the premium

I look forward to working with you,
